Tape Media

Overland-Tandberg LTO Ultrium Data Cartridges and Cleaning Cartridges

Overland-Tandberg LTO Ultrium data cartridges and cleaning cartridges are recommended for use with all Overland-Tandberg LTO tape drives, tape autoloaders and tape libraries. Used in the design, test and manufacture of our NEO Series family of tape-based storage solutions, Overland-Tandberg Data LTO media ensures the availability and security of your data. With over 25,000PB (25 Exabytes) of data stored on LTO media worldwide, LTO media provides the absolute lowest cost per gigabyte and highest reliability for long-term data storage when compared with alternative archive mediums.

Key Benefits:

- High capacity, with as much as 30TB of data stored on each LTO cartridge
- Cartridge memory chip delivers faster access time and enhanced media monitoring
- Durable cartridge reduces media failures and eliminates disrupted backup
- Extreme laboratory testing for superior data availability
- Data security via hardware encryption of cartridge contents
- A variety of choices of media types and services, including custom barcode labeling
- Designed for a 30-year archival life and/or 260 full backups
- Enables businesses to meet regulations for data retention and archiving
- Limited lifetime warranty

Overland-Tandberg LTO Ultrium media provides compatibility across multiple product generations, delivers the ultimate in choice and affordability, ensuring superior investment protection.

Tape Media Specifications
